

Health & Safety

Kenyon has a long history of ensuring the safety and welfare of staff, end-users and third parties in a variety of challenging environments.

Our Health & Safety Managers regularly audit sites for Health & Safety compliance. They also carry out Portable Appliance Testing in-house, promote safe methods of working and deliver training.

By enforcing Health & Safety requirements above the industry standard Kenyon has achieved an excellent record in this crucial area.

Recent Health & Safety training carried out by Kenyon.
