

Helping a Vulnerable Resident

The company bought and delivered furniture to a vulnerable resident in particular need on a recent internal refurbishment contract.

The resident's expectations were greatly exceeded when Kenyon provided him with items including a bed, two wardrobes, a dining table and four chairs, following approval by the client.

Tony Crouch, Contracts Manager for the project, said of the idea; "The client appreciated the fact that we had become concerned about this particular resident's living conditions and had taken it upon ourselves to try to improve his quality of life".

Our staff team members worked with local Social Services people to ensure the furniture was installed in accordance with the resident's wishes.

In order to protect confidentiality, particulars of client, project and location have been omitted.
